Start with
as little as
\$100

Our risk free lead generation system let's you manage your products' visibility and control costs.

A4R let's you determine:

- Where your products appear on the page
- Whether your products will stand out
- How much you will pay for qualified leads

1

Load your
product info
onto the site

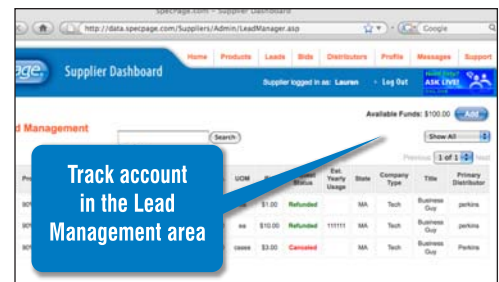

- More products equal more leads!
- Enter all your products for maximum exposure
- At least one product must be loaded
- Need help? We can do it all for you

2

Deposit as
little as \$100
into your account

- The deposit activates your account
- The account is used to pay for your leads
- Account will be charged for each qualified lead
- Account can be replenished when emptied

3

Position
your
products

- Bid as much as you are willing to pay for leads on any particular product
- Bid as low as \$1.00 per product
- Products with higher bids appear first on searches

4

Start
receiving
leads!

- An operator locates your product and requests a quote
- The bid amount you set is deducted from your account
- Lead comes directly to you, allowing you to respond directly to the operator, or forward to your distributor
- If the lead is invalid for any reason, you can cancel the lead and receive a full refund

It's Risk Free!
Pay only for
qualified leads
